Form 4A

(Rule 6.2)

Public Notice (general form)

**In the Consistory Court of The Diocese of Truro**

**Church of St Keverne: St Keverne**

**In the parish of St. Keverne**

NOTICE IS GIVEN that we are applying to the Consistory Court of the diocese for permission to carry out the following:

Some years ago the church underwent a substantial internal fit out and a condition of the grant towards the cost was that a community room be provided. The room was created as a part of the development but has since its creation been unreasonably damp and consequently unusable in damp weather. The cause of the damp is that the masonry pointing is unsatisfactory and rectification of this would be difficult and very expensive as much of the church has this problem. To introduce a low ceiling and screen off the room removed any opportunity of ventilation and the consequent problem.

A major constraint is that as the building is Grade 1 listed the fabric will not be subjected to any alterations and all new finishes will be divorced from the existing surfaces.

**OBJECTIVE**

The space in the south-west corner of the church was identified for community purposes in conjunction with other changes a few years ago but it seems no consideration was given to its suitability other than the introduction of a false ceiling. The problem is the very thick masonry walls are badly pointed and entrain water into the walls causing a very damp environment both the masonry walls and the fairly uneven slate floor.

The purpose of the alterations is accepting that the wet conditions will prevail to separate a new internal wall finish from the damp existing two walls and introduce a new suspended floor above the existing one.

This will involve creating a ramp to maintain disabled access.

Please note this full Brief is contained in the documents attached to this application.

Copies of the relevant plans and documents may be examined in the community room in St Keverne Church, St Keverne.
